ARE YOU READY TO TAKE THE LEAD?

Linde is a leading global industrial gases and engineering company, operating in more than 100 countries worldwide. We live our mission of making our world more productive every day by providing high-quality solutions, technologies and services which are making our customers more successful and helping to sustain and protect our planet.

The company serves a variety of end markets including chemicals & energy, food & beverage, electronics, healthcare, manufacturing, metals and mining. Linde's industrial gases are used in countless applications, from life-saving oxygen for hospitals to high-purity & specialty gases for electronics manufacturing, hydrogen for clean fuels and much more. Linde also delivers state-of-the-art gas processing solutions to support customer expansion, efficiency improvements and emissions reductions.

Linde Gas Hungary

European Graduate Programme - Hungary (m/f/d)

Budapest or Repcelak, Hungary | req9567

Are you interested in Linde's core business functions and looking forward to experiencing how we live our mission of making our world more productive? Are you curious to know how we make our customers more successful while sustaining and protecting our planet?

What you will enjoy doing

- You will explore Europe while working with colleagues across Linde living in two European countries
- You will explore three different work assignments in our core business functions Sales & Marketing, Operations and Supply and you will gain experience of how our business works and what industrial gases customers are looking for
- In addition you will further discover your intercultural proficiencies while being abroad for a six-months assignment
- You will have a mentor to guide and help you release your full potential
- Also you will build and develop for future success by networking with diverse teams
- Furthermore we assist you in every step to actively be part of the European Graduate family and support you to build meaningful key contacts with business leaders and powerful coaches

What makes you great

- You have a Master's degree in Natural Sciences, Engineering or other Technical Studies, or in Business, Management, or Logistics with technical affinity
- Moreover you have completed internships and/or studies abroad
- Also you excel by having an international mind-set and you value different perspectives and ideas from your colleagues while you enjoy working in diverse teams with different sets of backgrounds
- You have ambition to become a business leader with empathy and develop your ability to encourage, inspire and connect people
- Further you possess effective communication skills and outstanding self-motivation, combined with an appetite for challenges
- You have excellent English language skills and, ideally, proficiency in at least one other European language to enable you to work optimally with our diverse teams right from the beginning

Why you will love working with us

You are passionate about the prospect of leading our business and our people in the future. The programme is about identifying our future leaders today and preparing them for the challenges of tomorrow. Throughout the programme, you will develop by challenges on the job, working with people who demonstrate excellence in their areas and completing a tailored training programme.

Thinking outside of the box, working on new topics and concepts, deliver great solutions to our internal customers is essential to bring success to our business. Our team will offer you a variety of possibilities to excel in your area of expertise. You will contribute towards making Linde an inclusive and diverse organization, creating innovative practices and fostering an environment that welcomes all differences – making Linde an employer of choice.

Interested to get on board?

Please share your CV, motivation letter, references and academic certificates (all materials in English language) when sending your online application via our portal.

Within your motivation letter, please answer the following questions:

- Why you want to join the European Graduate Programme?
- What will make you a great leader?

The European Graduate Programme starts on October 1, 2023 and the application phase runs from February 6 until March 9, 2023.

More information about the programme can be found on our homepage for the European Graduate Programme:
